Jim Porter

President
Pro Football Hall of Fame

Jim Porter has loved the Pro Football Hall of Fame about as long as he has known his ABCs. As a boy growing up in Canton, Porter said he looked forward to sitting in a lawn chair and watching a new class of Hall of Famers be enshrined far more than he did to opening gifts on Christmas morning.

"The Canton Repository, which I used to deliver, always had a countdown in the bottom right-hand corner," said Porter. "I was the kid who went and looked at the calendar to say, 'OK, I'm 190 days away.' I did it on the school bus. I did it because enshrinement was very cool for me."

Five decades later, Porter's love came full circle as he took over the stewardship of his hometown's most beloved landmark. Porter was named president of the Pro Football Hall of Fame in October 2021, stepping into the position with extensive executive experience and a deep understanding of the Hall's Mission and the needs of the Canton community.

As president, Porter's main responsibility is to ensure the Hall honors its Mission statement: "Honor the Greatest of the Game, Preserve its History, Promote its Values and Celebrate Excellence Together."

Previously, Porter was publisher of GateHouse Ohio Media and oversaw the management of The Canton Repository, The Massillon Independent, The Alliance Review, The Dover-New Philadelphia Times-Reporter, About magazine, The Suburbanite and Jackson Suburbanite (weeklies) and all of those publications' related digital products, including the football-focused Friday Night Ohio.

Porter held several executive management positions over his 33 years at The Repository, serving as VP of Circulation, VP of Sales & Marketing and General Manager for GateHouse Ohio Media prior to being named group publisher in 2013.

During his newspaper career, Porter won the prestigious International Newspaper Marketing Award for "best overall marketing results." Under his leadership, The Canton Repository was recognized as Newspaper of the Year by The Associated Press five consecutive years (2015-19). He also received several Ohio Circulation Managers Association awards over his career.

Porter served as the chairman of the NFL Centennial Host Committee. He serves or has served on the following boards of directors: Pro Football Hall of Fame, Pathway Caring for Children, ArtsinStark, Better Business Bureau, Canton Regional Chamber of Commerce, Special Improvement District for City of Canton, Canton for All People, United Way of Greater Stark County and the City of Canton's Steering Committee.

Porter was co-chair of the Harvest for Hunger food campaign for the Akron-Canton Regional Foodbank for three consecutive years.

He is the founder and chairman of the Stark County High School Football Hall of Fame and executive director of the East-West All-Star Game in Stark County. He was inducted into the Plain Local Wall of Fame in 2004 as an individual and was inducted a second time, in 2018, as the past president of the Golden Eagle Athletic Association.

Porter resides in Jackson Township with his wife, Sarah. He has four daughters: Kaitlyn, Bayley, Emma and Reagan, and one grandchild, Jameson. He attended the University of Akron and Northwestern University's Kellogg School of Management.

In December 2020, Porter received the Clayton Horn Award, which recognizes an individual who positively impacts the Canton community and strives to move it forward. This award speaks to an individual with true character and integrity—both of which are essential qualities to being president of the Pro Football Hall of Fame.

THE PRO FOOTBALL HALL OF FAME

The Pro Football Hall of Fame opened its doors nearly 60 years ago. From its humble beginnings in 1963 to today, the Pro Football Hall of Fame has grown in both size and stature. Recognized worldwide as America's premier sports Hall of Fame, it is doubtful that even the most optimistic of those who led the drive to bring the Hall of Fame to Canton, Ohio, could have envisioned the successes it would realize.

An exhilarating museum and attraction, the Hall of Fame pays tribute to the talents and triumphs of pro football's greatest stars. Chronicled within the walls of the Hall of Fame are the stories and circumstances of play that bring to life such words as Commitment, Integrity, Courage, Respect and Excellence.

The Pro Football Hall of Fame has welcomed more than 10 million fans. Each year, visitors travel from each of the 50 states in the United States and from upward of 70 foreign countries to tour the Hall of Fame.

Today, the Hall of Fame reaches tens of millions of additional football fans each year through broad outreach, such as nationally televised events, an in-depth website, educational and youth programs, social media, traveling exhibits and special events held around the country.

The Pro Football Hall of Fame works collaboratively with the pro football family – the National Football League, the 32 NFL clubs and other entities. The cooperative efforts of all these organizations have contributed greatly to the overall success of the Pro Football Hall of Fame. In turn, the Hall strives to serve as the best possible historical showplace and repository for the sport of professional football.

The Pro Football Hall of Fame, after a stringent review process, achieved accreditation by the American Alliance of Museums (AAM), the highest national recognition afforded to the nation's museums, in 2017. Accreditation signifies excellence to the museum community, to governments, funders, outside agencies and to the museum-going public. The Hall of Fame is one of just over 1,080 of the estimated 33,000 museums (a mere 3%) in the United States to earn AAM accreditation. The Pro Football Hall of Fame is the first major sports museum to be accredited.

The Hall of Fame is a 501(c)(3) not-for-profit educational institution guided by its Mission to "Honor the Greatest of the Game, Preserve its History, Promote its Values & Celebrate Excellence Together."

HISTORY

The Pro Football Hall of Fame is located in Canton, Ohio, for three primary reasons: (1) the American Professional Football Association, later renamed the National Football League, was founded in Canton on Sept. 17, 1920; (2) the Canton Bulldogs were an early era pro football power, even before the days of the NFL. They were also the first two-time champion of the NFL, in 1922 and 1923. The great Jim Thorpe, the first big-name athlete to play pro football, played his first pro football with the Bulldogs, starting in 1915; and (3) Canton citizens early in the 1960s launched a determined and well-organized campaign to earn the site designation for their city.

The National Football League awarded the site for the Hall of Fame to Canton in 1961. Groundbreaking for the original construction took place on Aug. 11, 1962, and the Hall opened its doors for the first time on Sept. 7, 1963. Four expansions were completed over the years (1971, 1978, 1995 and 2012-13) that have resulted in the museum growing from its original 19,000 square feet to today's 121,000-square-foot football facility.

Jim Porter was named president on Oct. 16, 2021. Previous presidents or executive directors of the Hall of Fame were: Dick McCann (1962-67), Dick Gallagher (1968-1975), Pete Elliott (1979-1996), John Bankert (1996-2005), Steve Perry (2006-2014) and David Baker (2014-2021).

HOURS OF OPERATION

The Pro Football Hall of Fame is open every day of the year except for Thanksgiving and Christmas. From Memorial Day weekend through Labor Day, it is open daily from 9 a.m. to 8 p.m. The hours for the remainder of the year are 9 a.m. to 5 p.m. daily. Information on visiting the Hall of Fame can be found at: ProFootballHOF.com/Visit.

INSIDE THE HALL

The Pro Football Hall of Fame is a world-renowned museum that represents its sport in many colorful and entertaining ways. The Hall of Fame continually enhances its exhibits and displays to provide guests with an immersive and experiential visit to *"Football Heaven."*

Visitors enter the museum through the grand lobby at the center of the building. This area also features a special exhibit gallery. Guests then begin their visit by walking through a time tunnel of images featuring players from current years spanning back to the beginning of the National Football League. The visitor experience explodes with a visually dynamic and interactive two-level exhibit area in the Hall of Fame's original rotunda.

The NFL's First Century Gallery ground level includes a towering bronze statue of Jim Thorpe, considered a legend of pro football dating back to his days with the Canton Bulldogs beginning in 1915. The exhibits on the first level present a panoramic view using high-tech interactives and one-of-a-kind artifacts to tell the story of professional football, from its humble beginnings in the early 20th century to the worldwide phenomenon it has become today.

The second floor of ***The NFL's First Century*** features historical information regarding professional football in several dramatic themes. Inspirational stories of the game's pioneers, great players, coaches and circumstances are told in vivid detail. Pro football's societal impact is documented in "Road to Equality" and "Pop Culture." Bringing these themes to life are audio and video interactives and larger-than-life photographic murals.

Perhaps the most emotional stop during a tour of the museum is the ***Hall of Fame Gallery*** that houses the Bronzed Bust of each Hall of Famer. Visitors also have the opportunity to learn about each member of the Hall through touch screen kiosks that include bios, photos and videos on the inductees.

After the ***Hall of Fame Gallery***, guests proceed to the "A Game for Life" holographic theater**.** This extraordinary cutting-edge, multi-sensory immersive theater features holographic representations of Hall of Fame legends Joe Namath, George Halas and Vince Lombardi. The experience provides great inspiration to fans by showing them how the game of football also teaches lessons about life. The stories of numerous Hall of Famers – Jim Kelly, Steve Largent, Alan Page, Jim Brown, Warren Moon and Curtis Martin – are shared. "A Game for Life" was produced and created by some of the leading talent in the film industry and has received rave reviews.

"A Game of Life" immersive holographic experience

The ***Pro Football Today Gallery*** examines contemporary themes in the NFL. This area is filled with mementos from recent history-making performances, including many milestone moments from the current NFL season. Artifacts continually are placed on display as they are added to the Hall's extensive collection.

The ***Lamar Hunt Super Bowl Gallery*** chronicles, in dramatic fashion, the exciting history of the game from Super Bowl I to present. The gallery uses one-of-a-kind artifacts, exciting game footage and interactive kiosks to help tell the story of how the Super Bowl has become a global phenomenon.

RALPH WILSON, JR. PRO FOOTBALL RESEARCH AND PRESERVATION CENTER

The Mission of the Pro Football Hall of Fame is to "Honor the Greatest of the Game, Preserve its History, Promote its Values & Celebrate Excellence Together." Nowhere is this mission more evident than inside the Ralph Wilson, Jr. Pro Football Research and Preservation Center, which is named after the Class of 2009 enshrinee and Buffalo Bills late founder/owner.

Here is where the documentary evidence of the history of professional football is preserved. Within this state-of-the-art, 10,000-square-foot facility, a vast archive of more than 40 million pages of documents and primary source materials are protected with a climate-controlled system. The archives collection includes rare documents, personal papers, game programs, special collections, publications, teams and league records, and oral and video histories relating to individuals and the history of professional football. It also archives a collection of more than 6 million photographic images.

Additionally, the Research and Preservation Center is the repository for the Hall of Fame's artifact collections that includes more than 30,000 individual objects. Together, the archives and artifact collections serve to preserve an enduring record of the sport, its past and the Legends who made pro football America's most popular sport.

A list of adjectives used to describe Rondé Barber accurately would grow too long. And that would be fitting for a player whose many career highlights starts with his longevity: 241 regular-season games played, an NFL-record streak of 215 consecutive starts at cornerback (224 counting playoffs) and the distinction of being the only defensive back since the AFL-NFL merger in 1970 to start every game for 13 consecutive seasons.

Barber didn't merely fill a spot in the lineup. He made plays that shaped the outcomes of games at a time when the Tampa Bay Buccaneers consistently ranked among the NFL's top defenses and made several trips to the postseason, including a victory in Super Bowl XXXVII.

Barber finished his career with 47 interceptions and 28 sacks, leaving him as the only player in NFL history with at least 45 and 25, respectively, in those categories. He's the NFL's all-time sack leader for cornerbacks and also made 88 tackles for loss. Twice he intercepted three passes in a game, and six times he forced at least two turnovers in a game. He scored 14 touchdowns on returns: eight interceptions, four fumbles and two deflected punts.

He played big on big stages. In the 1999 NFC Championship Game, Barber made eight tackles, two behind the line, in an 11-6 loss to Rams. In the 2003 NFC title game, he returned an interception 92 yards for a touchdown to seal the 27-10 win over the Eagles and added a sack, forced fumble and four passes defensed. In the Super Bowl win over Oakland, he contributed five tackles.

Barber's breakout season came in 2001. He led the NFL with 10 interceptions, leading to the first of his three All-Pro honors and first of five Pro Bowl invitations. Twice that year he was named Defensive Player of the Week. He would earn that honor nine times in his career, matching the NFL record shared by Ray Lewis, Lawrence Taylor, Chris Doleman and Bruce Smith — all members of the Pro Football Hall of Fame.

Barber was voted to the NFL's All-Decade Team of the 2000s (second team) and was the Buccaneers' winner of the Ed Block Courage Award in 2011, given across the NFL to a player from each team who demonstrates courage, sportsmanship and dedication to his hometown community.

College: University of Washington
Pro Career: 14 seasons

Full Name: Donald David Coryell
Birthdate: October 17, 1924
Birthplace: Seattle
High School: Lincoln (Seattle)
Died: July 1, 2010

Elected to the Pro Football Hall of Fame:
Feb. 9, 2023

Rondé Barber, Chuck Howley, Joe Klecko, Darrelle Revis, Ken Riley, Joe Thomas, Zach Thomas, DeMarcus Ware

A coaching "lifer" with nearly a dozen stops on his career path at all levels of the game, Don Coryell consistently turned around losing programs through offensive innovation and maximizing the talent on his rosters.

After a lengthy college career, Coryell was named head coach of the St. Louis Cardinals in 1973 and one year later led the team to its first 10-win season since the 1948 Chicago Cardinals reached the NFL title game. The results earned him NFL Coach of the Year honors. His 1975 team went 11-3, giving the franchise double-digit wins in consecutive seasons for the first time since it joined the NFL in 1920. The 1976 team also posted 10 wins. All three teams finished in the top 10 in offense league-wide, a Coryell standard that would reach new heights at his next job – with the San Diego Chargers.

Those teams, which would feature future Hall of Famers Dan Fouts, Kellen Winslow and Charlie Joiner running the "Air Coryell" offense, led the NFL in passing seven out of eight seasons (second the other year) and never finished outside the top five in total offense. The Chargers won AFC West Division titles in 1979, 1980 and 1981 and reached the AFC Championship Game twice.

Coryell's frenetic early coaching career included two years at high schools in Hawaii and stints at the University of British Columbia, at a junior college in Washington state and at Fort Ord in California.

He replaced George Allen at Whittier College in California and won championships in all three of his seasons before heading to USC as an assistant. In 1961, he became head coach of San Diego State and immediately reversed a longtime losing team's fortunes, winning four conference titles and posting a 104-19-2 record in 12 seasons. Hall of Fame coaches Joe Gibbs and John Madden served as assistants.

Coryell was the first coach to win more than 100 games at both the collegiate (127-24-3) and professional (114-89-1) levels. He has been inducted into the Chargers Hall of Fame and the College Football Hall of Fame.

He also served the country during World War II, first enlisting, then later attending officer's school and training as a paratrooper. He received bachelor's and master's degrees from the University of Washington, where he played defensive back and won two light-heavyweight boxing titles.

MEDIA GUIDE EXCERPTS

1986 San Diego Chargers Media Guide biography *(before Coryell's last season)*

Don Coryell's impact on the sport of professional football is undeniable. In thirteen seasons as a head coach in the National Football League, Coryell's wizardry with the passing game has led the NFL into an era of explosive offensive football.

Imitation is the sincerest form of flattery. With his ever-changing offense passing for more yards than any other, Coryell's success through the air has led others to follow suit. Not only are NFL offenses averaging nearly 45 more yards a game since Coryell became a head coach in 1973, but passing yardage is up more than 63 yards a game.

Since Coryell's first full season in 1979, the Chargers have scored more points, run more plays, and produced more yards, first downs, and yards per play than any team in the NFL.

Don Coryell came to San Diego following the fourth game of the 1978 season and brought an offense that was quickly tabbed "Air Coryell." He took over a 1-3 team which was ranked fifteenth in total offense and seventh in passing offense. The Chargers won 7 of their final 8 games and finished 9-7, one game out of the playoffs. The team also finished fourth in total offense and led the league in passing.

Since Coryell took the helm Sept. 25, 1978, the Chargers have led the NFL in passing offense 7 of 8 seasons, finishing second in 1984. San Diego never has finished lower than fifth in total offense and led the NFL 5 of the last 6 seasons.

Coryell has won five division championships in his 13 years as a head coach, including AFC West Championships for the Chargers in 1979, 1980 and 1981. He won NFL Coach of the Year honors in 1979. His overall record is 110 wins, 76 losses, and 1 tie for a won-loss percentage of .591. Coryell is the only coach in history to win 100 games on both the professional and collegiate levels.

The "Air Coryell" offense has been a boon to offensive stars such as Dan Fouts and Charlie Joiner. Prior to Coryell's arrival, Fouts averaged 171.4 yards a start and Joiner averaged 44.2 yards a game. Under Coryell and company, Fouts' average rocketed to 282.8 yards and Joiner's average jumped to 60.5 yards.

Coryell came to the NFL in 1973 as the head coach of the St. Louis Cardinals and won Division Championships in 1974 and 1975. He took over a Cardinals team which was twenty-fifth in total offense in 1972, finished 12th in 1973, and improved to third in total offense and second in passing offense in the NFL. Coryell won his first NFL Coach of the Year honor in 1974.

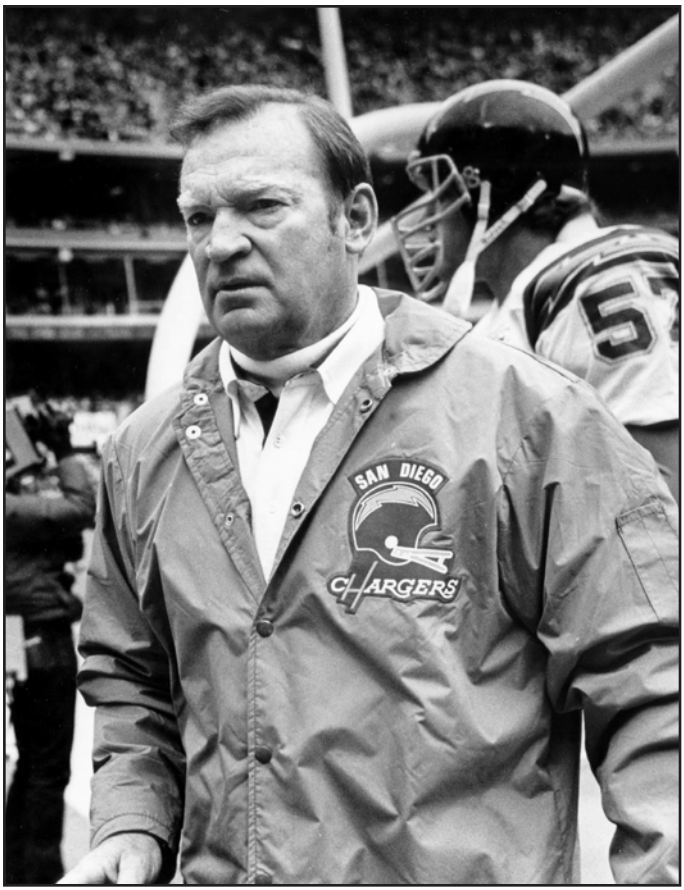
Prior to coming to the NFL, Coryell spent 12 years at San Diego State, where his teams posted

an overall record of 104 wins, 19 losses, and 2 ties for a won-loss percentage of .840, and turned out numerous professional prospects. It was in college that Coryell realized that the best way to beat an opponent that had more physical ability was with a passing game. His teams at San Diego State achieved national acclaim in this manner and Coryell brought the same ideas with him to the NFL.

Donald David Coryell was born in Seattle Oct. 17, 1924. He played at Seattle's Lincoln High and joined the U.S. Army as a private in the ski troops upon high school graduation in 1943. Coryell was a first lieutenant in the paratroopers when he was discharged three-and-a-half years later and entered the University of Washington. Don played defensive back for the Huskies and was graduated with a bachelor of arts degree in education in 1950. He took a master's degree in science one year later and accepted his first coaching assignment as an assistant at Punahou Academy in Honolulu. Coryell was head coach at Honolulu Farrington in 1952, then coached two seasons at the University of British Columbia in Vancouver.

Coryell moved to the junior college ranks in Washington in 1955, taking over a Wenatchee team that had been winless the year before. Wenatchee was undefeated under Coryell, who became the athletic director and head coach at the Army base at Ford Ord, California, the following year. Fort Ord emerged as the only unbeated service team in the country in 1956.

Coryell became head coach at Whittier College in 1957 and led the Poets to a 23-5-1 record, three Southern California Inter-collegiate Athletic Conference championships and number-one ranking among U.S. small colleges in total offense and passing in 1959. Coryell then served one year as offensive backfield coach at the University



DON CORYELL, CLASS OF 2023

of Southern California before taking over a downtrodden San Diego State program.

Don was named the San Diego Aztecs' head coach Jan. 14, 1961. Coryell immediately embarked on a strong recruiting program and whipped the Aztecs to 7-2-1 in his first season.

Over the next 11 seasons under Coryell, San Diego State became recognized for great offensive teams and the development of outstanding pro prospects. Among other achievements:

– San Diego State had unbeaten seasons of 11-0 in 1966, 9-0-1 in 1968, and 11-0 in 1969. The Aztecs won 25 games in a row from 1965-67, then went 31 games without defeat.
– Coryell was named College Division district coach of the year in 1963, '66, '67, and '68.

After a 10-1 season in 1972, Corell was hired by the St. Louis Cardinals of the NFL.

Don and his lovely wife, Allisa, live in El Cajon and have a son, Mike, a graduate in physics from the University of California at San Diego, and a daughter, Mindy, who is the wife of Michael Lewis of El Cajon.

CHUCK HOWLEY, CLASS OF 2023

1958-59 CHICAGO BEARS, 1961-1973 DALLAS COWBOYS [15 PLAYING SEASONS]

Height: 6' 3"; **Weight:** 228
College: West Virginia
Pro Career: 15 seasons, 180 games
Drafted: 1st round (7th player overall) in 1958 by Chicago
Uniform Number: 54

Full Name: Charles Louis Howley
Birthdate: June 28, 1936
Birthplace: Wheeling, W. Va.
High School: Warwood (Wheeling, W. Va.)

Elected to the Pro Football Hall of Fame: Feb. 9, 2023

Chuck Howley retired from professional football after 15 games over two seasons (1958-59) with the Chicago Bears following a knee injury that also cost him the entire 1960 season.

Still passionate about the game, Howley decided to test his knee and play in an alumni game at his alma mater, West Virginia University, in 1961. The positive result ignited a spark to give the game one more try at the highest level.

"I went back (to pro football) because I decided there were better things to do than run a gas station," Howley told a reporter years later.

Neither he nor the Dallas Cowboys, who obtained his rights from the Bears for two future draft picks, regretted the decision.

Fully healed, Howley became a model of durability in his second round in the NFL. He missed only four regular-season contests from 1961 to 1972, anchoring an outside linebacker position for 176 games, a figure that included 11 playoff starts from 1966-1971 as the Cowboys reached two Super Bowls and the first two NFL Championship Games in the Super Bowl era.

In Super Bowl V, Howley intercepted two passes and forced a fumble in the 16-13 loss to the Baltimore Colts. He was selected as the game's Most Valuable Player and remains the only player from the losing team to receive that award.

The next season, the Cowboys won the Super Bowl with a 24-3 victory over Miami. Howley intercepted another pass and recovered a fumble as the "Doomsday Defense" held the Dolphins to 185 total yards.

Howley played one game in 1973, but a knee injury he sustained late in the 1972 season on a low block effectively ended his career.

In 180 career regular-season games, Howley intercepted 25 passes, registered 26 sacks (according to later compilation) and recovered 18 fumbles, which he returned for 191 yards – a total that still ranks seventh on the NFL's all-time list.

Howley was named first-team All-Pro in five consecutive seasons (1966-70) and was selected to six consecutive Pro Bowls (1966-71). He was elected to the Cowboys Ring of Honor in 1977.

MEDIA GUIDE EXCERPTS

1972 Dallas Cowboys Media Guide biography

PRO: The 1971 season was Chuck Howley's "lucky 13th," as he played on the first World Championship team of a long and distinguished career. As usual, he came up with the big plays in the big games, including a spectacular interception and 41-yard return against Miami in the Super Bowl. The year before, in the 16-13 Super Bowl loss to Baltimore, he became the first member of a losing team to be named the game's Most Valuable Player. "Howley seems to be ageless," says Tom Landry. "You would expect him to fall off because of his age, but he keeps having better and better years." Chuck intercepted five passes in '71, his second best total ever, recovered three fumbles for the second year in a row and played in his sixth Pro Bowl. Quiet and reserved off the field, Howley offers this interesting look at the emotions of a 13-year NFL veteran: "I'm going through now what every old pro does. Most all the players I came into the league with are gone. I just don't have a lot in common with the youngsters we have now, so I don't socialize. Still, I think they need me on the field. I feel tremendously a part of this team. I think they know I'm a part of the team, whether we socialize or not. I prove it by what I do on the field."

COLLEGE: Howley lettered in football, wrestling, track, swimming and gymnastics at West Virginia. He was an All-America center in 1957 and a three-time All-Southern Conference choice as a guard, center and linebacker. He ran the 100 in 10.1 and was the conference one-meter diving champion.

PERSONAL: Chuck, a native of Wheeling, W. Va., lives in Dallas with his wife Nancy and their children Scott (8/16/62) and Robin (5/16/66). Howley operates his own dry cleaning center and uniform rental service.

In the 1980s, few defensive lines caused as much havoc for opposing teams in the National Football League as the "New York Sack Exchange" of the New York Jets. Joe Klecko allowed the unit to show a three-man or four-man front, demonstrating the strength, quickness and versatility to play end, tackle and nose during a 12-year career in the NFL.

Klecko is the only player in NFL history selected to the Pro Bowl at all three positions across the defensive line.

Chosen in the sixth round of the 1977 NFL Draft after a dominant collegiate career at Temple University, Klecko made an immediate impact in the pros. He recorded eight sacks (according to the Jets and Pro Football Reference, as the stat was unofficial until 1982) – a team record for a rookie.

When his time with the Jets ended 10 years later, Klecko also held team records for most games played on the defensive line (140) and most consecutive games with a full sack (10, in 1977-78.)

Klecko's best season statistically came in 1981. He totaled a league-high 20.5 sacks as the Sack Exchange dropped opposing quarterbacks 66 times. Klecko won the Defensive Player of the Year award from UPI and finished as runner-up to future Pro Football Hall of Famer Lawrence Taylor for that award from the Associated Press. The Jets' defense ranked fifth in the NFL and helped the team win seven of its last eight games – holding each of those opponents to 15 points or fewer – to reach the playoffs for the first time since 1969.

Klecko ruptured the patella tendon in his right knee in the second game of the 1982 season, but he returned for the playoffs, helping the Jets to a pair of victories before the team fell to the Dolphins 14-0 in the AFC Championship Game.

After 11 seasons with the Jets, Klecko played one year with the Indianapolis Colts. He retired with 78 career sacks in 155 games.

In 2004, Klecko became the third player in Jets franchise history to see his number (73) retired, following Pro Football Hall of Famers Joe Namath and Don Maynard. In 2010, he was chosen as an inaugural member of the Jets Ring of Honor.

Darrelle Revis, a cornerback out of Pitt, was selected by the New York Jets as the 14th player overall in 2007 NFL Draft. During his 11-year career, he played 145 regular-season games (142 starts) for the New York Jets (2007-2012, 2015-16), Tampa Bay Buccaneers (2013), New England Patriots (2014) and Kansas City Chiefs (2017).

Revis made an immediate impact on the Jets and earned a spot on the PFWA All-Rookie Team.

A Super Bowl champion, Revis helped the New England Patriots to a 28-24 victory over the Seattle Seahawks in Super Bowl XLIX.

Revis' career stats include 496 tackles, 29 interceptions for 466 yards and three touchdowns, 139 passes defensed, four forced fumbles and 12 fumble recoveries.

During the 2011 season, Revis made his longest interception return with a 100-yard return against the Miami Dolphins, setting a franchise record.

His season-high for pass interceptions (six) came in 2009 and included one returned for a touchdown. His efforts as a lockdown cornerback – he finished with the year with an NFL-record 31 passes defensed – helped the Jets to a 9-7 record and a playoff berth with the league's top-ranked defense against the pass and league-bests in overall yardage surrendered and points allowed. That season, Revis finished second in voting for the AP Defensive Player of the Year award.

A four-time first-team All-Pro (2009-2011, 2014), Revis also earned seven Pro Bowl nods (2008-2011, 2013-15) and was named to the NFL's All-Decade Team of the 2010s. He was inducted into the New York Jets Ring of Honor in 2022.

CORNERBACK

1969-1983
CINCINNATI BENGALS
[15 PLAYING SEASONS]

Height: 5′ 11″; **Weight:** 181
College: Florida A&M
Pro Career: 15 seasons, 207 games
Drafted: 6th round (135th player overall) in 1969 by Cincinnati
Uniform Number: 13

Full Name: Kenneth Jerome Riley
Birthdate: Aug. 6, 1947
Birthplace: Bartow, Fla.
High School: Union Academy (Bartow, Fla.)

Elected to the Pro Football Hall of Fame: Feb. 9, 2023

Other Members of the Class of 2023: Rondé Barber, Don Coryell, Chuck Howley, Joe Klecko, Darrelle Revis, Joe Thomas, Zach Thomas, DeMarcus Ware

A former college quarterback at Florida A&M University, Ken Riley transitioned to cornerback in the National Football League, spending all 15 of his professional seasons with the Cincinnati Bengals, who had used a sixth-round pick to select him in the 1969 AFL-NFL Draft.

He made an immediate impact, playing all 14 games as a rookie and intercepting four passes as the Bengals cracked the top 10 in defense despite a 4-9-1 team record.

Riley would earn a reputation for consistency at his position. He intercepted at least one pass in every season, finishing his career with 65 overall. He ranks fifth (tied with Hall of Famer Charles Woodson) on the NFL's all-time list, and only Hall of Famer Rod Woodson intercepted more passes from the cornerback position.

Nine interceptions – Riley's career-high and a Bengals team record – came in the team's 10-win 1976 season. He finished the year with a flourish: a three-interception game in the 42-3 rout of the New York Jets.

Riley nearly matched his best season in the last year of his career, intercepting eight passes and returning two for touchdowns in 1983. He was rewarded with his lone first-team All-Pro designation.

Another notable accomplishment occurred in 1982, when Riley intercepted five passes in the strike-shortened nine-game season. Three thefts – one returned for a 56-yard score – came in a 31-17 victory over the Los Angeles Raiders.

At the time of his retirement, Riley also held Bengals records for most seasons played (15), most regular-season games played (207), career interception return yardage (591) and postseason interceptions (3). He led the Bengals in interceptions seven times and led the AFC three times.

In college, Riley led the Florida A&M Rattlers to a 23-7 record as a starting quarterback and three conference titles. In 1982, he was inducted into the Florida A&M Athletic Hall of Fame.

Following his playing career, Riley returned to his alma mater as head football coach (1986-1993) and athletic director (1994-2003). His FAMU teams posted a 48-39-2 record, and he won two Mid-Eastern Athletic Conference titles and two MEAC Coach of the Year awards.

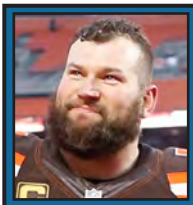
JOE THOMAS, CLASS OF 2023



TACKLE

2007-2017 CLEVELAND BROWNS [11 PLAYING SEASONS]

Height: 6-6; **Weight:** 312
College: Wisconsin
Pro Career: 11 seasons, 167 games
Drafted: 1st round (3rd player overall) in 2007 by Cleveland Browns
Uniform Number: 73

Full Name: Joseph Hayden Thomas
Birthdate: Dec. 4, 1984
Birthplace: Brookfield, Wis.
High School: Brookfield Center (Wis.)

Elected to the Pro Football Hall of Fame: Feb. 9, 2023

Enshrined into the Pro Football Hall of Fame: Aug. 5, 2023

Other Members of the Class of 2023: Rondé Barber, Don Coryell, Chuck Howley, Joe Klecko, Darrelle Revis, Ken Riley, Zach Thomas, DeMarcus Ware

Joe Thomas was selected by the Cleveland Browns as the third player overall in 2007 NFL Draft. An offensive tackle, Thomas anchored the offensive line at Wisconsin, earning first-team All-Big Ten honors twice. He was a unanimous All-America Team member in 2006.

Thomas' rookie year set the stage for his 11-season career with the Browns. Not only was he named to the PFWA All-Rookie Team, Thomas earned the first of 10 consecutive Pro Bowl selections. He helped the team to a 10-6 record – the only winning record the franchise had during his tenure and the first for the team since it re-entered the League in 1999. The Browns finished the year ranked eighth in offense and fell only a game short of the playoffs.

He finished second for AP Rookie of the Year and was the only player to receive votes outside of the award's winner, Adrian Peterson.

Thomas was consistent in all aspects of the game. He never missed a start – or an offensive snap – over the course of his career. He started in each of his career 167 games and amassed 10,363 consecutive snaps – widely believed to be an NFL record – before a career-ending triceps injury in Week 7 of the 2017 season ultimately led to his retirement in March 2018.

Thomas is one of only five players in NFL history to earn a Pro Bowl selection in each of his first 10 seasons (2007-2016) – the others are Pro Football Hall of Famers Merlin Olsen, Mel Renfro, Barry Sanders and Lawrence Taylor – and the only offensive lineman to achieve that feat. He was selected first-team All-Pro six times (2009-2011, 2013-15) and second-team All-Pro twice (2008, 2012).

He was selected to the NFL's All-Decade Team of the 2010s, his 10,363 consecutive snaps were added to the Browns Ring of Honor at FirstEnergy Stadium in 2018 and he was inducted into the Cleveland Browns Legends program in 2022 for the indelible impact he left on the franchise.

During his rookie season, he intercepted three passes for 64 yards, made one TD and 131 tackles, plus 49 assisted tackles and two sacks to earn the team's MVP honors and was named AFC Defensive Rookie of the Year (1996). Thomas was voted first-team All-Pro five times (1998-99, 2002-03, 2006), second-team All-Pro twice (2001, 2005), was selected to seven Pro Bowls (2000-04, 2006-07) and named to the NFL's All-Decade Team of the 2000s. He was the first player in Dolphins' history to win the Leadership Award (voted by teammates) three times.

MEDIA GUIDE EXCERPTS

2008 Dallas Cowboys Media Guide biography
(before Thomas' last season)

PRO: A seven time Pro Bowl selec tion with the Miami Dolphins, Zach Thomas returns to his home state of Texas as one of the most productive and accomplished NFL linebackers of his era. Thomas brings unquestionable work ethic, intelligence and leadership to the Dallas locker room. Signed as a free agent by Dallas on February 28, 2008, the former Texas Tech All-American will assume a familiar role as a starting middie linebacker in Dallas after starting 168 games in 12 seasons with Miami, His 168 career starts are the most ever by a Dolphins defensive player and the fourth-most by any player in Miami club history. Thomas has recorded a staggering total of 1,866 career tackles, including 1,244 solo stops. He reached the 100-tackle plateau in each his first 11 NFL seasons and led the Dolphins in tackles in 10 of his 12 seasons. His tackle totals from seven of his 12 NFL seasons (1996, 1998, 2001-05) all rank among the top-10 figures in Dolphins history. Although he missed 11 games in 2007, Thomas has been remarkably durable throughout his career, having missed a total of just 24 games due to injury. He has recorded double-figure tackles 39 times in his last 52 regular season games. An extremely versatile and instinctive player, Thomas is the Dolphins career leader in interceptions among linebackers with 17 — fifth-most by active NFL linebackers — and he has returned a Dolphins club record four of those thefts for touchdowns. His four interception returns for touchdowns are tied with many others for fourth place all-time in NFL history among linebackers. Ranking ahead of him in third place is Jack Pardee with five interception returns for touchdowns, and tied for first place are Bobby Bell and Dernck Brooks with six touchdown returns each. Among active NFL linebackers, Thomas's four interception returns for touchdowns are tied for second along with Teddy Bruschi and behind Brooks. Thomas was originally a fifth round draft choice (154th overall) by then Miami head coach Jimmy Johnson.

He spent the majority of his 12 seasons in the League with the Cowboys (2005-2013) before capping his career with the Denver Broncos (2014-16).

†AFC Divisional Playoff Game

Each member of the Pro Football Hall of Fame receives his Gold Jacket created by Haggar during the Enshrinees' Gold Jacket Dinner in Canton during the annual Enshrinement Week.

SELECTION PROCESS

Charged with the vital task of continuing to be certain that new enshrinees are the finest the game has produced is the Pro Football Hall of Fame's 50-person Selection Committee.

The Committee consists of one media representative from each pro football city with two from New York and Los Angeles, inasmuch as those cities have two teams in the National Football League. A 33rd member is a representative of the Pro Football Writers of America and there are 17 at-large delegates.

The Selection Committee meets annually to elect new members. There is no set number for any class of Enshrinees, but the Committee's current ground rules do stipulate that between four and nine new members will be selected each year. The 1973 and 1976 classes of three were the smallest named.

Every candidate is carefully scrutinized and must receive at least 80% approval of the Committee at the annual meeting before he can be elected. A scale of negative votes for elimination that will vary depending on the number of Selectors in attendance is used.

When the Selectors met in January to name the Class of 2023, they had before them a roster of 19 final candidates, along with detailed biographies on each. To assure that older players will be considered along with the more recently retired, the Seniors Committee – made up of veteran members of the overall Selection Committee – named three nominees from the pre-1998 era to be included on the final list.

A bylaws change to the selection process was approved by the Pro Football Hall of Fame's Board of Trustees in August 2014 by which a Contributor – defined as an individual who has "made outstanding contributions to professional football in capacities other than playing or coaching" – automatically will be included among the annual list of Finalists for election. The Contributor Finalists also were voted on for election independent of all other Finalists.

In 2022, the Board of Trustees agreed to combine Coaches and Contributors into one category.

For the Classes or 2023, 2024 and 2025, there will be one Coach/Contributor Finalist and up to three Senior Finalists.

The other Finalists will be the survivors from a preliminary list of Modern-Era candidates that the Committee will have screened by mail ballot. That original list will have been in part provided by the fans themselves.

Any fan may nominate any qualified person who has been connected with pro football in any capacity simply by writing to the Pro Football Hall of Fame. The only restriction is that a player and coach must have last played or coached at least five seasons before he can be considered. For example, a candidate for the 2024 class must have concluded his career no later than the 2018 season.

There is no mandatory retirement period for a Contributor. Every nomination received will be processed and forwarded to the Selection Committee.

It is important to emphasize that the Hall of Fame itself has no say whatsoever as to who is or is not elected to membership. The only function of the staff is to process the nominations as they arrive and to coordinate all reduction voting and committee meetings, including the annual meeting.

FAQ ABOUT THE PRO FOOTBALL HALL OF FAME'S SELECTION PROCESS

Does the Hall of Fame Nominate individuals?

The Hall of Fame receives nominations but does not make them. Any person, including the 50 elite members of the Selection Committee may place in nomination any eligible players, coaches or contributors.

What Happens After Someone is Nominated as a Modern-Era Nominee?

A nomination is NOT a vote for election. The Hall of Fame's selection process includes multiple steps in which the nominees are scrutinized. The Hall facilitates the procedure of three successive reviews of increasing scrutiny with its 50 selectors. The first is a vote to reduce the long list of Modern-Era nominees (typically around 120) to 25 Semifinalists, followed by a later vote to reduce to 15 Finalists. At the annual Selection Meeting, the Finalists are scrutinized even further by the Selectors, who after a thorough discussion of each nominee reduce the list from 15 to 10 and then 10 to 5. At that point, the five remaining nominees are voted on for membership on a yes or no basis. A minimum positive vote of 80% is necessary for election.

Who Selects New Hall of Fame Members?

The Pro Football Hall of Fame's 50-person Selection Committee is charged with the vital task of continuing to be sure that new enshrinees are the finest the game has produced.

The Committee consists of one media representative from each pro football city with two from New York and Los Angeles, inasmuch as those cities have two teams in the National Football League. There are 17 at-large selectors, all of whom are also active members of the media. That group includes one representative of the Pro Football Writers of America and four members of the Hall of Fame.

The Selection Committee meets annually to elect new members to the Hall of Fame. There is no set number of new enshrinees, but the Committee's current ground rules do stipulate that between four and nine new members will be selected each year. Every candidate is carefully scrutinized and must receive at least 80% approval of the Committee at the annual meeting before he can be elected.

How Are New Enshrinees Selected?

Any fan may nominate any player, coach or contributor who has been connected with pro football simply by writing to the Pro Football Hall of Fame. The only restriction is that a player and coach must have been retired at least five years before he can be considered. There is no mandatory retirement period for contributors before they may be considered. Every nomination of an eligible candidate received will be processed and forwarded to the Hall of Fame's Selection Committee.

Each year, the Selection Committee will be polled three times before the final list of Modern-Era preliminary nominees is determined. The initial preliminary list of nominations is compiled and sent to the Hall of Fame's Selection Committee by March 1. The list is provided so that the Selectors can study the nominees and then request the addition of any other candidates that may have been overlooked. Included on this list are first-time eligible candidates who have strong enough credentials to give them even a remote chance of eventual Hall of Fame election. Also included are all other eligible candidates nominated by any person. Additionally, those Modern-Era nominees from the previous year's final preliminary list who received at least four votes in the balloting to determine the Modern-Era Finalists are automatically included on this preliminary list.

The second preliminary list is sent to the Selectors during the month of July and includes all the nominees named on the initial list plus any additional nominations received from any source since the first list was compiled.

The third preliminary list of eligible candidates is sent to the Selection Committee during the month of September for the purpose of the selection of the Modern-Era Semifinalists for election. From the third preliminary list, the Selection Committee is asked to vote for 25 Modern-Era Nominees who become Semifinalists for election.

The final preliminary list of 25 Modern-Era nominees plus all ties—if any—for the 25th position shall be distributed to the Selection Committee during the month of November for the purpose of the selection of 15 Modern-Era Nominees. The 16th, 17th, 18th and 19th Finalists (potentially) are the recommended candidates of the Seniors Committee and Coach/Contributor Committee.

In advance of the Hall of Fame Selection Meeting, the Selectors are provided detailed biographies on each Finalist. At the annual meeting, each Finalist is thoroughly discussed by the committee before a series of reduction votes are taken. First, the Seniors and Coach/Contributor candidates are discussed and voted on for election. They must receive the same 80% affirmative vote as the Modern-Era candidates. Next, there is a vote that reduces the Modern-Era Finalists list from 15 to 10. Following that, a vote is taken to reduce the list from 10 to five names. The five remaining candidates for Hall of Fame election are then voted on individually (yes or no) for membership.

In order to be elected, a Finalist must receive a minimum of 80% of the vote. All ballots are collected and counted by the firm EY. No vote totals are announced – only the winners of the various reduction ballots are revealed to the Selectors and the Hall's representatives.

How Are Seniors and Coach/ Contributor Candidates Chosen?

To assure that older players, whose active careers have been completed at least 25 years, as well as those individuals who contributed to the game in ways other than playing and coaching will be considered along with the Modern-Era players and coaches, a Seniors Committee and a Coach/Contributor Committee, have been established. Both of these committees are made up of 12 members of the overall Selection Committee.

Like the full Committee, the members of the Seniors Committee and the Coach/Contributor Committee are provided a preliminary list of eligible nominees. The list, which is compiled and mailed to the Selectors, includes carry-over nominations from the previous year, first-time eligible candidates and nominations from any outside source.

By way of a mail ballot, the Seniors Committee and Coach/Contributor Committee members reduce their respective lists to 25 Semifinalists in July. In second reduction votes, the committees will reduce the Semifinalists to 12. Meetings to select up to three (3) Seniors and one (1) Coach/Contributor for possible election to the Hall of Fame are held in late August.

In advance of both meetings, each Selector is provided with detailed biographical information on the candidates.

Seniors Committee members are assisted during their annual meeting by consultants, chosen by the Hall's president, who were contemporaries of the majority of the nominees. The consultants offer only their opinions and are not entitled to vote. After each candidate is discussed thoroughly, the consultants are excused from the meeting. Additional discussion is conducted followed by a series of reduction votes that results in the naming of the Seniors nominees.

Coach/Contributor Committee members are also assisted during their annual meeting by consultants and follow the same guidelines as described above for the Seniors Committee consultants.

Although the Seniors and Coach/Contributor Nominees will be presented to the full Selection Committee as Finalists, their election to the Hall of Fame is not automatic. Each must receive the same minimum 80% of the vote as a Modern-Era candidate to be elected.

Is a New Hall of Fame Member Enshrined as a Member of a Team?

Obviously, teams take great pride in the accomplishments of individuals who have been a part of their organization. Often individual teams and even the Hall of Fame will list enshrinees according to the team or teams on which they spent a significant period of time. An enshrinee, however, is not asked to "declare," nor does the Hall of Fame "choose" a team under which a new member is enshrined. When elected to the Pro Football Hall of Fame, an individual is recognized for accomplishments as a player, coach or contributor.

ELIGIBILITY CHART

A player or coach must not have played or coached for five full seasons before he is eligible for election to the Pro Football Hall of Fame. The chart below can be used as a quick reference to determine when a player or coach will be, was, or is first eligible for the Hall of Fame. For instance, 2014 enshrinee Andre Reed last played in 2000. Therefore, he was first eligible for the Class of 2006. Counting upward from 2006, one can determine that he was elected in his ninth year of eligibility.

PRO FOOTBALL HALL OF FAMERS BY TEAM

NOTE: In this listing – a Hall of Famer is named under all clubs on which he made his primary contribution to professional football – (i.e. – Chuck Noll is listed under Pittsburgh as a coach – but not under Cleveland as a player). Hall of Famers who made the major part of their primary contribution for any one club are listed in CAPS. In cases where a player contributed about equally and/or in a major way to two or more clubs – he is listed in CAPS under both clubs (ie. Curley Culp is listed with both the Chiefs and the Titans (Oilers) as his primary teams). Hall of Famers who spent only a minor portion of their career with any club are listed under that club in lower case. (The numbers inside of the parentheses following the team's name indicates the number of primary Hall of Famers followed by the number of Hall of Famers who spent a minor portion of their career with the team).
Year – Superscript next to Hall of Famer's name is the year of his enshrinement.

ELECTION BY YEAR OF ELIGIBILITY & YEAR AS FINALIST

(Since 1970) * Seniors Candidate # Contributor Candidate ^ Coaches Candidate

– In those cases when a player's career ended prior to 1963, the year of eligibility is based on the amount of years since the Hall opened in 1963 rather than the years from when the player last played.

– Prior to 1970, the procedure of naming 15 Finalists was not defined. In 2007, bylaws changed to include 17 Finalists comprised of 15 Modern-Era nominees and two Senior Candidates. A Contributor category was added for the 2015 Selection Process bringing the total number of Finalists to 18. A coaches candidate was added for the Centennial Class of 2020.

[1] *Parcells was finalist four times. He was finalist twice (2001, 2002) following his announced retirement as head coach of the New York Jets in 1999. At the time, the Hall of Fame By-Laws only required a coach to be retired and not the now five-season waiting period. Parcells returned to coach the Dallas Cowboys and the five-year waiting period was in effect when he retired from coaching in 2006 thereby making him eligble in 2012.*

* Until the 1968 selection meeting, a three-year waiting rule was in effect. FINALISTS BY YEAR

In 2007, the Hall of Fame's bylaws were changed to stipulate 17 Finalists, which would include 15 Modern-Era Players and two Senior candidates. BOLD CAPS BELOW INDICATE THOSE ELECTED TO THE PRO FOOTBALL HALL OF FAME.

~ indicates Old-timers/Seniors nominees. Selection of Old-timers/Seniors candidates began in 1972. No nominee was picked in 1975. Two Senior nominees were selected starting in 2004.

Superscript number indicates the number of times as a Finalist. No superscript number indicates a person's first time as a Finalist.

NOTE: In some cases, there were 16 Finalists due to a tie in the voting. In 1975, there were only 14 Finalists. Contributor Finalists were added with the class of 2015. *-Indicates Contributor Finalist.

For the Class of 2021 and 2022, bylaws allowed for one Senior, one Contributor and one Coach Finalist. Another bylaw change effective with the Class of 2023 allows for up to three Seniors and one from a combined Coach/Contributor category per enshrinement class.

In 2020, the Hall of Fame elected a special Centennial Class of 20 members. The Centennial Class included 10 Seniors, three Contributors and two Coaches and were voted on from a list of 38 Finalists. ^-Indicates a Coach Finalist.

Reduction votes during annual selection meeting: The selection process includes a cutdown of the 15 Modern-Era Player Finalists during the annual selection meeting separate from the Senior or Coach/Contributor categories. The Selection Committee pared the list from 15 to 10; then 10 to 5. At that point, a yes or no vote is tabulated of the final five Finalists. An individual is elected to the Hall of Fame if he receives at least 80% affirmative vote. Included with this list are the reduction votes that took place under the rules in place that year.

The Centennial Class of 2020 was voted upon during two separate meetings. A special Blue-Ribbon Panel voted on the Seniors, Contributors and Coaches. There were 20 Senior Finalists. A reduction vote pared the list to 15 and a second vote was utilized to determine the final 10 Seniors elected to the Hall of Fame. The Panel voted on 10 Contributor Finalists, with the top three vote-getters earning election. Finally, eight Coach candidates were voted with the top two vote-getters earning election. The Hall's regular selection meeting determined the five Modern-Era Players for election. The Selection Committee first pared the list from 15 to 10; then 10 to the final 5.

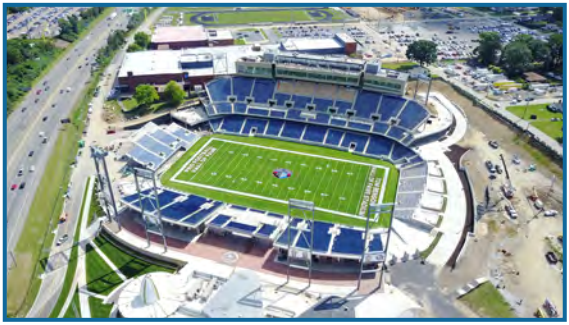
HALL OF FAME GAME

TOM BENSON HALL OF FAME STADIUM

In the Beginning The original stadium was built from 1937-1939 at an estimated cost of $500,000. The federal government in the form of labor force, the WPA, paid for $400,000 while a school board bond issue paid for the materials. The stadium originally seated 15,000 and was the largest high school stadium in the country at that time. Formerly known as Fawcett Stadium after John A. Fawcett, a community leader, member of the Canton City school board and a gifted athlete, the stadium was renamed Tom Benson Hall of Fame Stadium in 2014.

The Future A key component of the Hall of Fame Village project is Tom Benson Hall of Fame Stadium. The venue is a world-class sports and entertainment sports complex that includes a permanent stage built into the stands at the 50-yard line. The stadium is designed by HKS, a world-renowned architectural firm that previously developed AT&T Stadium for the Dallas Cowboys and U.S. Bank Stadium for the Minnesota Vikings.



"Although the scale and capacity of this venue is not as large as some of our more recent football stadiums, the quality of the fan experience and overall intimacy within the venue will be unmatched in sports." – Mark Williams, HKS

Forbes included Tom Benson Hall of Fame Stadium among its "13 Game-Changing NFL Stadiums."

Enshrinement The Pro Football Hall of Fame's Enshrinement is one of the great events in sports. In 2002, the annual Enshrinement was moved from the Hall's front steps back to the stadium, where it had been held from 1963 to 1965.

Hall of Fame Game The Hall of Fame Game series began in 1962, one year before the museum opened. A National Football League preseason game has been played in Canton each year except three since that inaugural game. No game was played in 1966 as the preseason schedule was not set in time to include Canton for a neutral site game. The game was canceled in 2011 due to a lockout and in 2016 due to respect for player safety based on the condition of the field.

Beginning in 1971, following the AFL-NFL merger, an AFC vs. NFC format was adopted for the Hall of Fame series. Preset schedules were created that called for each team to make a visit to Canton over 14- and 15-year periods through 1994. In 1995, the Hall of Fame Game showcased the debut of the league's newest expansion teams: the Carolina Panthers and Jacksonville Jaguars. Since that time, the teams for the Hall of Fame Game normally includes teams with significant milestones (such as the return of the Cleveland Browns in 1999 and the Houston Texans inaugural game in 2002) or a connection to the Hall's class of enshrinees.

The inaugural game (1962) and those from 1967 through 1997 were played on Saturday afternoons. The Hall of Fame games were played on Sunday afternoons from 1963 to 1965. In 1998, the Hall of Fame Game was switched to primetime with kickoff moved to Saturday evening. One year later, the game moved to Monday night. From 2006 to 2016, the Hall of Fame Game was played on Sunday night. In 2017, the game was switched to Thursday night.

The Hall of Fame Game was televised nationally by ABC from 1971-2005. In 2006, NBC broadcast the game followed by the NFL Network in 2007. The game returned to NBC in 2008. The game was broadcast by NFL Network in 2012. FOX broadcast the 2021 game. In 2022, the Hall of Fame Game returned to NBC – where it will be broadcast in 2023.

HALL OF FAME GAME FACTS

The Cincinnati Bengals, who beat the Los Angeles Rams in 1988, became the first team to play in the Hall of Fame Game and advance to the Super Bowl in the same season. The 2001 St. Louis Rams are the only other team to play in Canton to start a run to the Super Bowl.

***

Teams that have won or tied the Hall of Fame Game have qualified for the playoffs that same season 24 times. Included in the number are 14 teams that claimed division titles after leaving Canton without a loss.

During one particular 14-year stretch from 1980-1993, all but two of the teams that won or tied the Hall of Fame Game advanced to the postseason that year.

***

Hall of Famers Chris Hanburger (1965), John Hannah (1973), Marvin Harrison (1996) and Jack Youngblood (1971) all made their NFL debuts in the Hall of Fame Game.

HALL OF FAMERS WHO'VE PARTICIPATED IN THE HALL OF FAME GAME

Since its inception in 1962, there have been 188 members of the Pro Football Hall of Fame who have either played or coached in a Hall of Fame Game.

Seven members of the Class of 2023 participated in the game as a player or coach.

The record for the most Hall of Fame Game appearances by a Hall of Fame member is three, shared by Charlie Joiner and Terrell Owens.

Class of 2014 enshrinee CLAUDE HUMPHREY in action during the 1969 Hall of Fame Game.
